Subject: EASA.21J.453 - Design Organisation Approval – Update of the Terms of Approval
Attachment: 1. Terms of Approval, Issue 5 dated 19/01/2015 (original)

Date: 22.01.2015

Dear Mr Boggi,

On behalf of the European Aviation Safety Agency, I am pleased to enclose herewith the updated Terms of Approval, concerning the EASA Approval Certificate certifying **Boggi S.r.L.** as a Design Organisation, following positive evaluation by EASA.

Henceforth the approved design organisation shall be entitled to perform design activities under applicable European regulations and within the scope of the Terms of Approval herein enclosed.

The Terms of Approval are re-issued following a clerical mistake.

Please return the former Terms of Approval, Issue 4 (dated 13/01/2015) to us.

Information about this EASA approval can be found on EASA webpage:

<http://easa.europa.eu/easa-and-you/aviation-domain/aircraft-products?page=design-organisations>

Yours sincerely,

Dominique ROLAND

Terms of Approval

Design Organisation Approval Certificate

EASA.21J.453

1 Scope of approval

This Design Organisation Approval has been granted for:

- designing changes to aircraft in accordance with the applicable type-certification basis and environmental protection requirements in the following area:
 - installation of avionics equipment
 - mission equipment
 - cabin interiors and other interiors equipment
 - structure
 - electrical systems
- showing and verifying the compliance with the applicable type-certification basis and environmental protection requirements, and
- demonstrating to the Agency this compliance.

2 Categories of products

Small and large rotorcraft.
Small and large aeroplanes.

3 List of products

[Not applicable]

4 Privileges

- a) The holder of this design organisation approval shall be entitled to perform design activities under Part21 and within its scope of approval.
- b) Subject to 21.A.257(b), the Agency shall accept without further verification compliance documents submitted by the holder of this design organisation approval for the purpose of obtaining a supplemental type-certificate.
- c) The holder of this design organisation approval shall be entitled, within its terms of approval and under the relevant procedures of the design assurance system:
 1. to classify changes to type design as "major" or "minor";
 2. to approve minor changes to type design;
 3. to issue information or instructions containing the following statement: "The technical content of this document is approved under the authority of DOA ref. EASA.21J.453";

4. to approve minor revisions to the aircraft flight manual and supplements, and issue such revisions containing the following statement: "Revision No [YY] to AFM (or supplement) ref. [ZZ], is approved under the authority of DOA ref. EASA.21J.453.

5 Limitations

[See in 1, above]

1. Changes related to primary structure elements are limited to small antenna installations on pressurized fuselages for CS 23 aeroplanes.
2. Changes affecting compliance with 2x.562 are excluded.
3. Installation of external mission equipment affecting performances and handling qualities is excluded.
4. Changes related to electrical systems are limited to secondary electrical distribution systems.
5. Changes on Large Aeroplanes (CS 25) related to installation of avionics equipment and changes affecting EWIS are excluded.

Date of issue: 19 January 2015
